- Operations

## Business Premium Collection offers:

**The most important journals.** Read the full text of key journals from the world's most important scholarly publishers such as Cambridge University Press, Palgrave Macmillan, Emerald Group Publishing, Springer, and Johns Hopkins University Press. Access resources from influential business and finance publishers including Dow Jones, Economist Intelligence Unit (EIU), and MIT Sloan Management Review.

**Analyst reports.** The Business Premium Collection now includes J. P. Morgan Research, bringing the most highly regarded, in-depth reports for 3,400 companies covering all industries and all regions with just a 7 day embargo.

**Comprehensive, expert market information.** An unrivalled collection of expert analyses of industries, countries, economies, and markets from BMI Research, Euromonitor, Economist Intelligence Unit, Plunkett Research, Barnes Reports, Oxford Analytica, Oxford Economics, and more.

**Comprehensive collection of scholarly dissertations.** Find even more relevant academic thought and conduct a more thorough literature review by searching over 50,000 business-related dissertations.

[proquest.com](http://proquest.com)

**The most influential business news.** Keep up to date with current full text of the most widely read business news publications. The ABI/INFORM Collection is the only business database where researchers can find full text for *The Wall Street Journal*, *The Economist*, *Financial Times*, and *Australian Financial Review*.

**Deep data.** Explore 50 years' worth of actual and forecast economic data for the G20 countries from Economist Intelligence Unit.

**Over 52 million company records.** Find information on the companies you need with over 44,000 Hoover's Company Profiles, 50 million U.S. company records from Experian, and almost a million manufacturing company profiles from Netwise.

**Cutting-edge thinking.** See the latest academic thinking first by accessing more than 500,000 working papers from Research Papers in Economics (RePEc), INSEAD, and The Organisation for Economic Co-operation and Development (OECD).

**Tools for entrepreneurs.** See how the theory works in practice with over 16,000 video clips of successful business leaders, financiers, and entrepreneurs. Download guides and templates.

**Thousands of business cases and case studies** including Times 100 Business Case Studies.
